

EVERBLUE IS SPECIALIZED IN FILTRATION FOR WATER TREATMENT MEMBRANE PLANTS

WHY CHOOSE EVERBLUE

Because Everblue is the first company specialized in filtration for water treatment membrane plants.

Because everblue addresses only to water treatment plant constructors and instaures with them a solid collaboration.

Beacause with the **#BlueFuture** system (quality, service, economic return on investments), Everblue offers water treatment plant constructors:

- A unique range of high-quality products exclusively manufactured in Italy using only certified EU raw materials to build technologically advanced and long lasting plants.
- A professional, fast and efficient technical, commercial and logistic service that knows how to fully satisfy every request of the client and that converts specific requirements into innovative solutions.
- Guaranteed profit from the sale of consumable products specifically produced for each client.

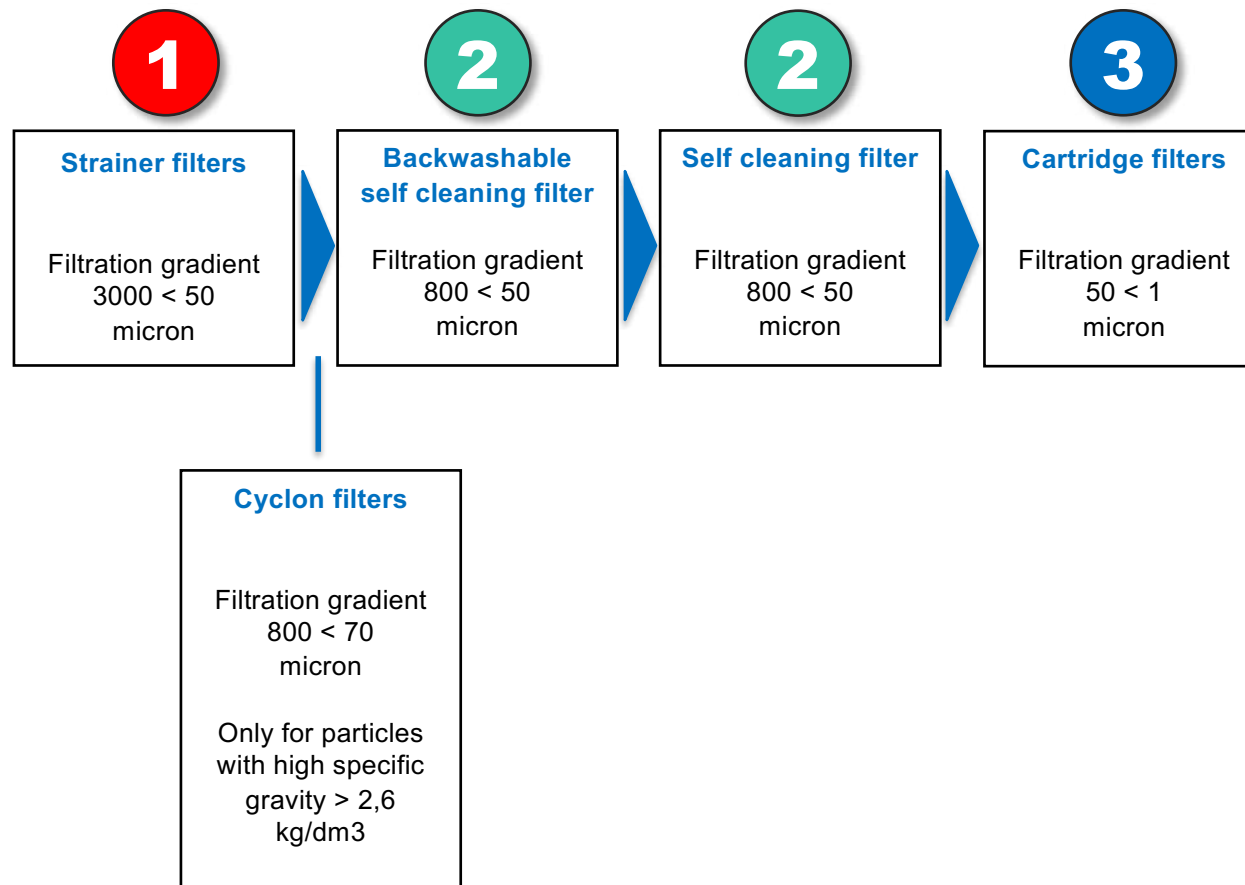

Beacuse we are filtration masters for water treatment membrane plants and we offer our clients the knowledge of 20 years of experience and work in this field on thousands of plants worldwide.
